
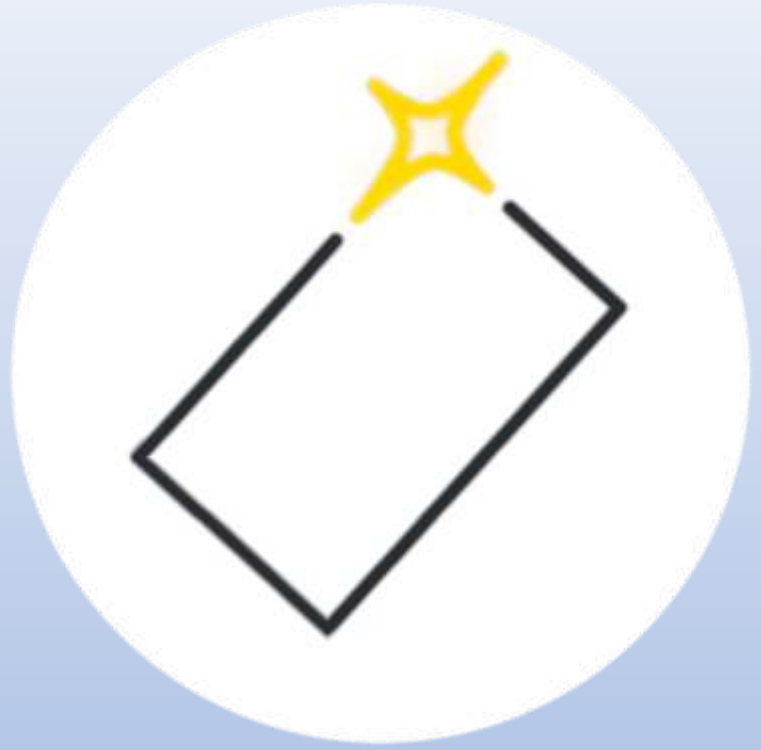
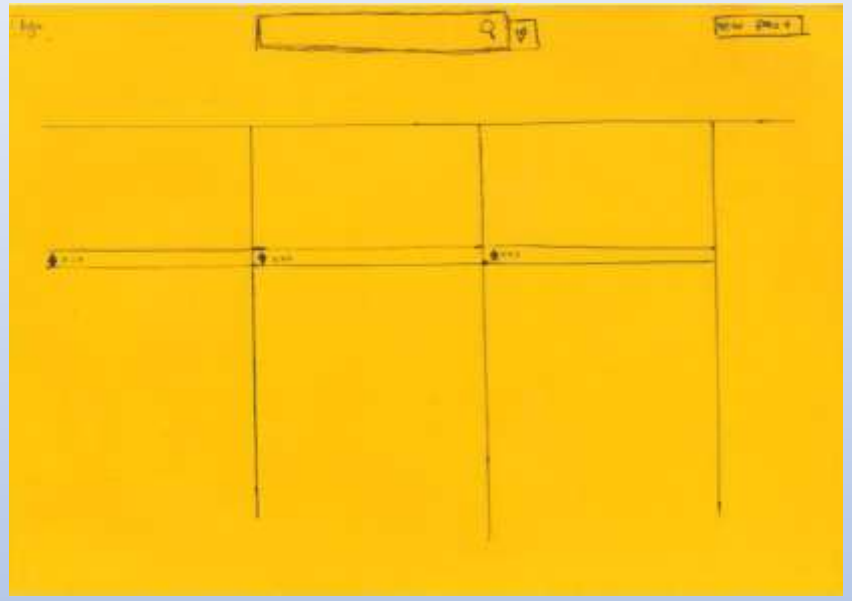
Low Fi Prototyping of Prestine Papes

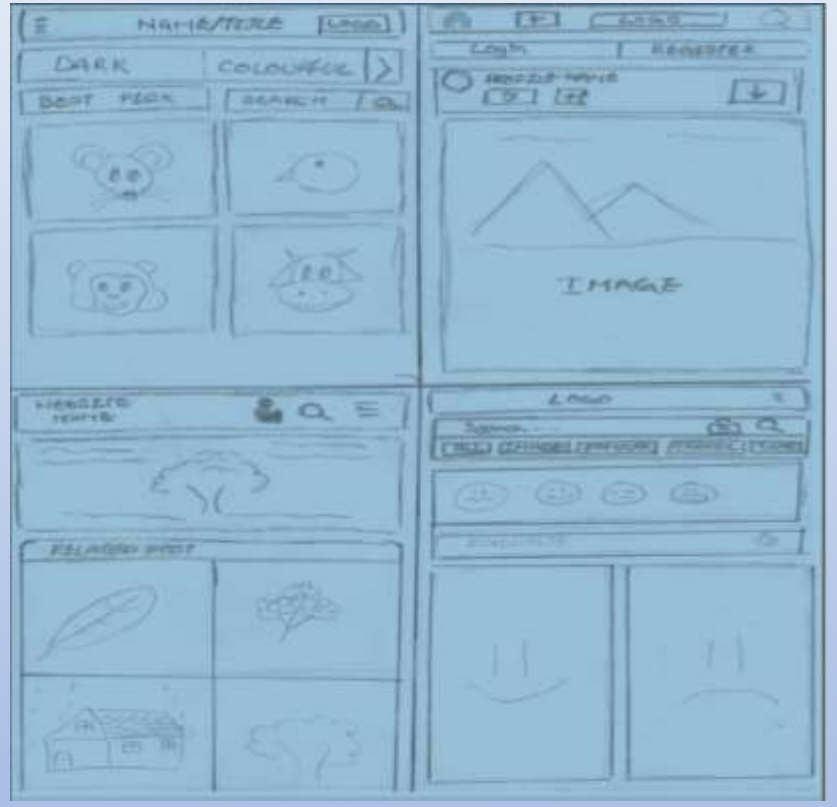
Sebastian St Johnston, Nischal Malla, Alexandros Neofytou, Jounaid Ruhomaun, Christo Wilson



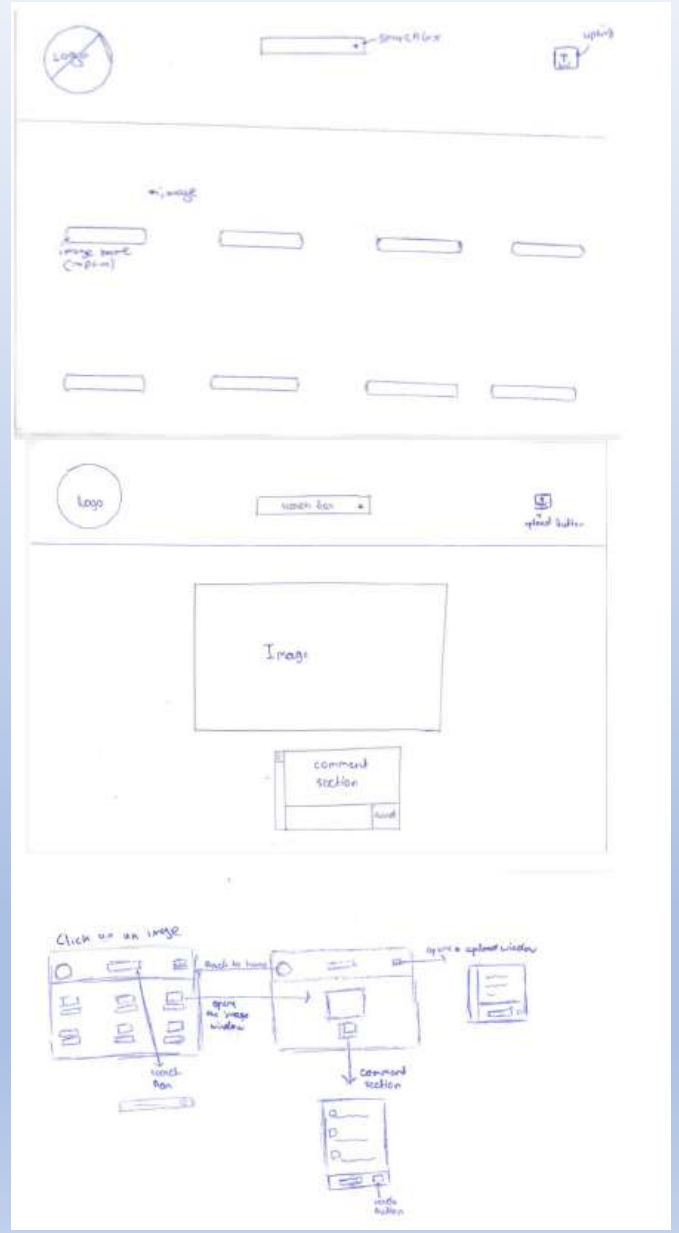
Designed Interfaces

Designed Interfaces



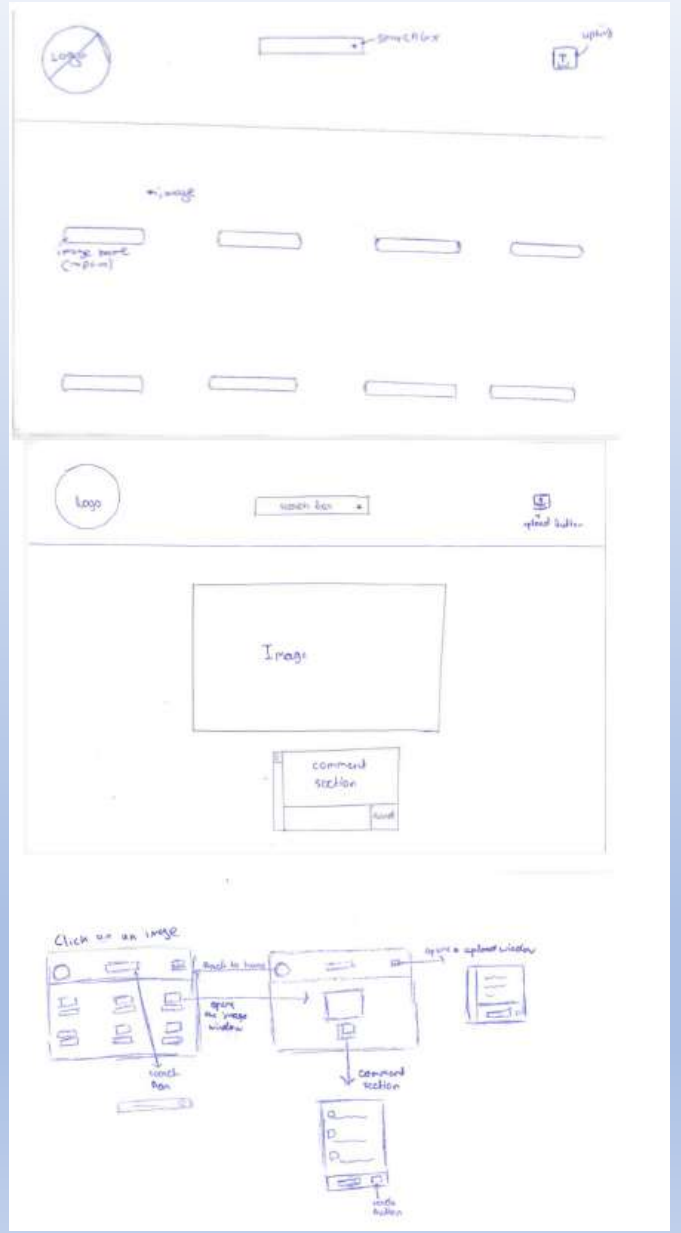


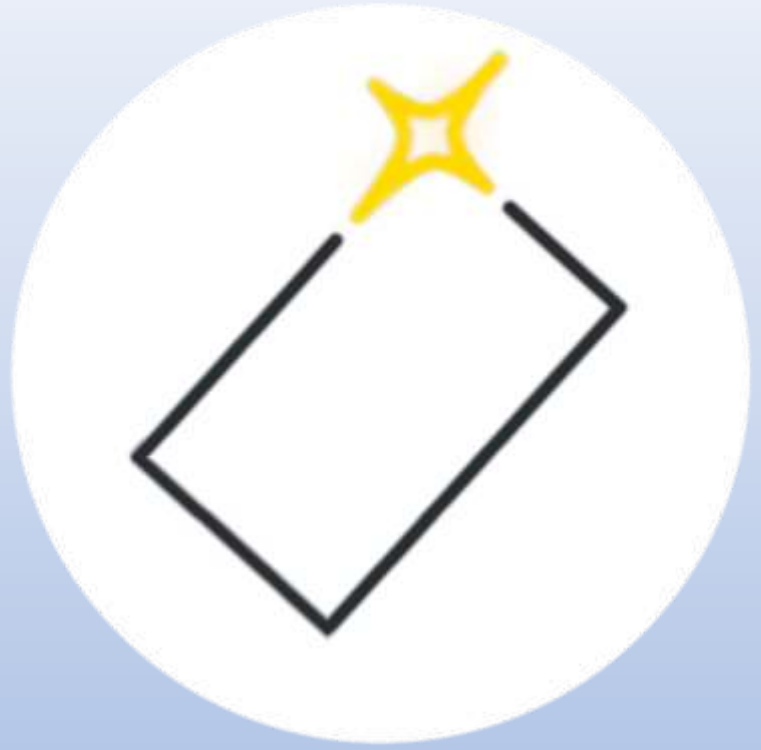
Selected Interface in Detail



Why is this selected?

- The menu features are the ones that were defined in the original design: the logo, search bar and upload button.
- The first image illustrates the design at the homepage with the series of images.
- The second image illustrates the specific image, enlarged and metadata outlined.
- The third image explaines the designs' workflow where selecting an image from the first image would result in a visit to the selected image's metadata.





Low-fi Prototype Structure Design

Designed online using proto.io tool

3.Procedure & Member

4.Tasks

5.Test Measure

Content

- **Our survey was conducted using Google Forms. We selected 10 participants from different social, economical and ethnic backgrounds. Also these participants had different ages and different non-matching personalities. On the following slides, are 3 of them showing this justification.**

Experimental Methods

Component

1.Environment

2.Participants

3.Procedure & Member

4.Tasks

5.Test Measure

Content

- **Participant #1**
- **1st year Law student at the University of Reading**
- **From Uruguay**
- **20 years old**
- **Likes playing video games**
- **Likes playing sports**

Experimental Methods

Component

1.Environment

2.Participants

3.Procedure & Member

4.Tasks

5.Test Measure

Content

- **Participant #2**
- **2nd year Computer Science student at the University of Reading**
- **From Cyprus**
- **22 years old**
- **Likes hanging out with his friends**
- **Downloads wallpapers once a week**

Experimental Methods

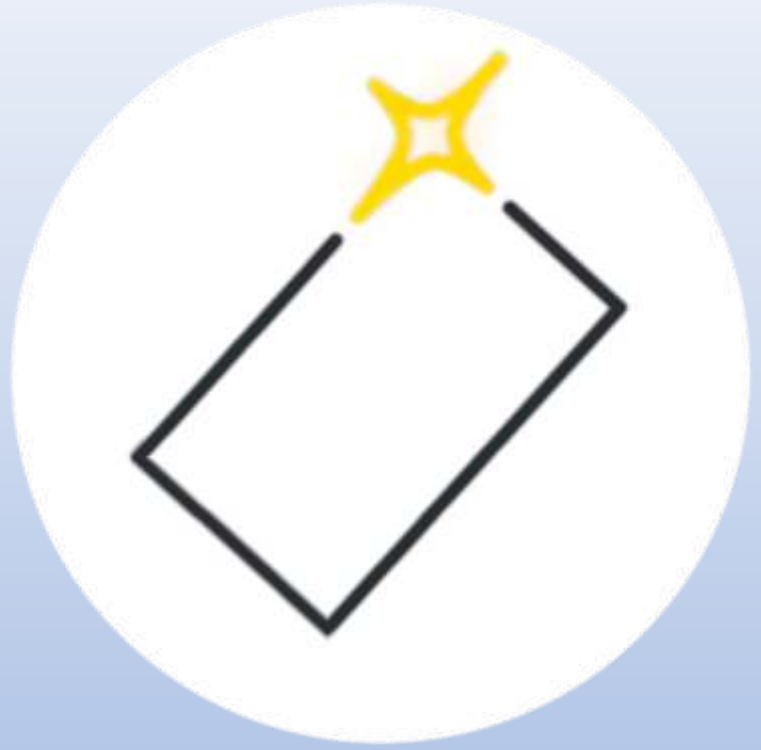
Component	Content
1.Environment	• Participant #3
2.Participants	• 25 years old from England
3.Procedure & Member	• Works at Starbucks
4.Tasks	
5.Test Measure	

Experimental Methods

Component	Content
1.Environment	Member Role
2.Participants	Alexandros Neofytou • Facilitator
3.Procedure & Member	
4.Tasks	
5.Test Measure	

Experimental Methods

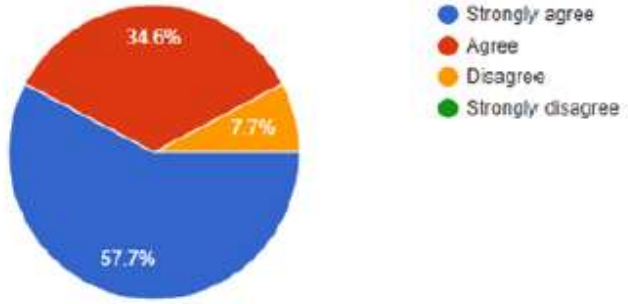
Component	Content
1.Environment	**Step 1** **Ask for their time to explain about the nature of the task**
2.Participants	
3.Procedure & Member	**Step 2** **Explain the survey**
4.Tasks	**Step 3** **Wait for the participant to finish and process the data afterwards**
5.Test Measure	



Experimental Results Data Analysis from Google Forms

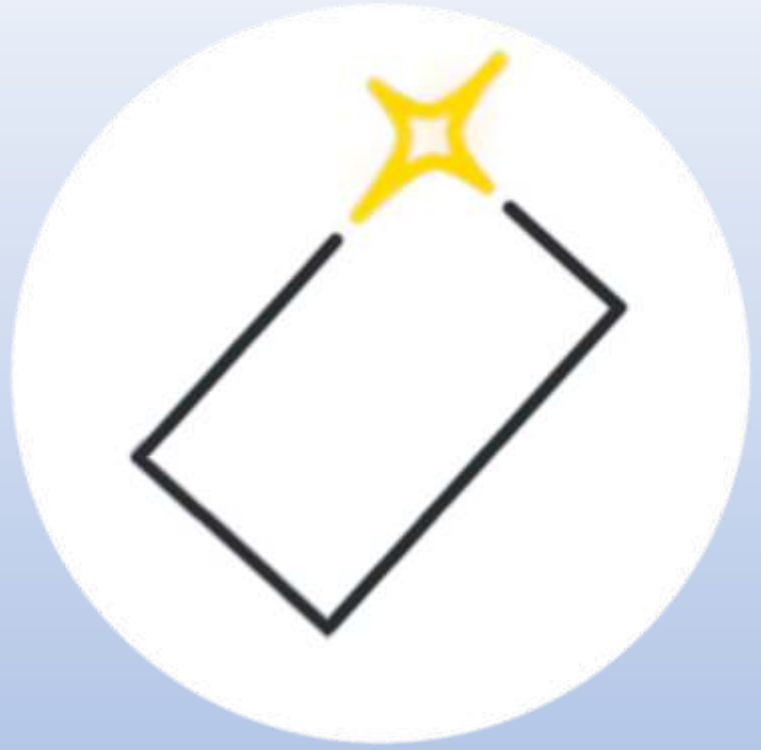
Do you like the idea of being able to share art online?

26 responses

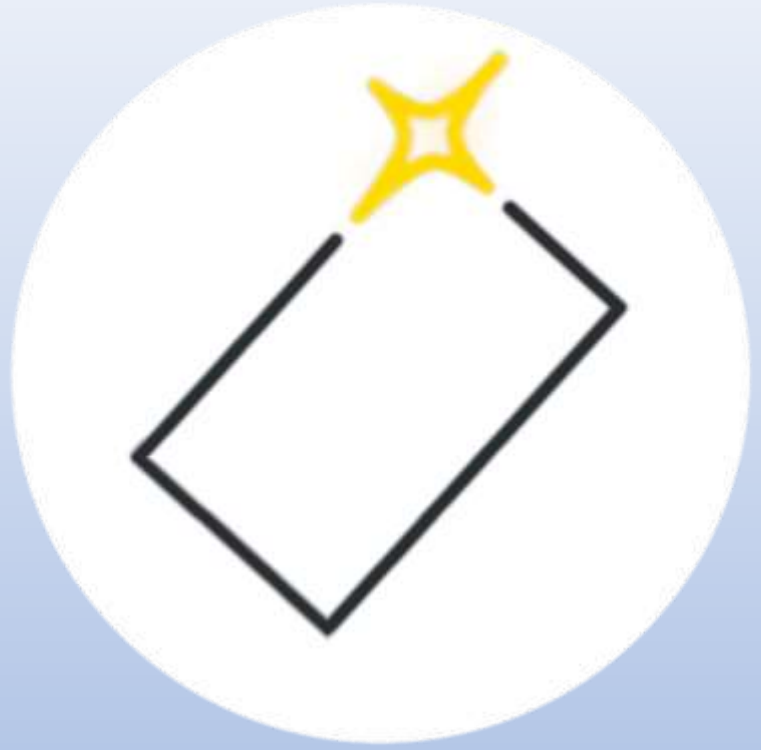


What categories of wallpaper do you usually go for?

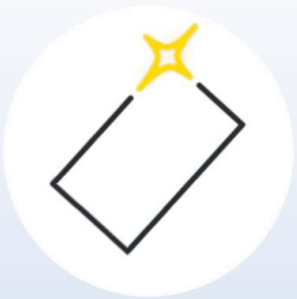
26 responses



UI Changes



In reference of the tests we made including our survey some of our raw data indicated that participants of our survey wanted a website with abstract wallpapers referring to simplistic design and abstraction of colors.



Thank you
